Recommendation: We recommend City Council adopt Resolution No. 1234

MEMORANDUM

DATE: JUNE 7, 2016
TO: HONORABLE MAYOR HODSON AND CANBY CITY COUNCIL
FROM: HALEY FISH, FINANCE DIRECTOR
THROUGH: RICK ROBINSON, CITY ADMINISTRATOR
RE: SUPPLEMENTAL BUDGET RESOLUTION NO. 1239

ISSUE: Adoption of a Supplemental Budget and appropriating unanticipated funds for the 2015-2016 fiscal year.

SYNOPSIS: A supplemental budget is required when unanticipated revenues are received and the City wants to be able to spend or transfer them in the current fiscal year. The other changes in the supplemental budget are changes in appropriations from one budget category to another within the same fund. Such changes can be accomplished by a resolution transfer, but they can also be included in a supplemental budget. Proposed changes do not increase expenses of any fund by 10% or more therefore no public hearing is required by local budget law.

General Fund

Administration

Personnel Services were impacted by an unanticipated contract salary increase and a variance between the estimation and actual employee benefits.

Court

Experienced an increased need for interpreter services.

Parks

Personnel Services is being increased to fund temporary help to absorb some seasonal workload demands. This is projected to be offset in a decrease in realized materials and services as the actual fleet charge for service was lower than estimated.

Building

Personnel Services were impacted by a vacation payout. We offset this with excess building permit revenue realized.

General Fund (continued)

Police

Personnel Services (overtime) projections exceeded our estimate. This is projected to be offset by a decrease in realized materials and services as the actual fleet charge for service was lower than estimated.

Cemetery

Personnel services is projected to to exceed budget due to an unexpected 5% increase for employees who were determined to be working out of class which are proposed to be offset by lower than expected realization of Materials and Services refunds. Additionally, the Materials and Services line item for name bars is projected to exceed budget due to increased sales of mausoleum name bars. This is proposed to be offset by a corresponding increase in revenue.

Economic Development

Personnel Services will exceed budget due to an unbudgeted benefit election. Materials and Services are expected to exceed budget due to the new Independence Day program, which is proposed to be partially offset by corresponding event revenue the balance is proposed be offset by excess cash carryover.

Unallocated

The Personnel Services category is expected to exceed budget due to projected retirement payouts. This is proposed to be offset in part by a corresponding increase in interdepartmental charges consistent with our allocation plan, with the balance proposed to be offset by excess cash carryover.

Library Fund

Due to timing of when grants funds were received vs expended and cost for books were ordered vs received and expense incurred an increase in materials and services and corresponding cash carryover is proposed. In addition, due to an administration change in cash receipting which enhances controls and transparency we are now recording pass through revenue and corresponding expense received on behalf of the Friends of the Library, this has a 0 net financial impact on Library operations.

Street Fund, Fleet Fund, Transit Fund, Swim Fund, Tech Services Fund, & Facilities Fund

Personnel Services is expected to exceed budget due to variances between estimated budget and projected actual which is proposed to be offset by either excess cash carryover or a transfer from Materials and Services.

Sewer Fund

Stormwater

EXPLANATORY STATEMENT FOR THE VOTERS PAMPHLET
MEASURE RENEWING A FIVE-YEAR LOCAL OPTION LEVY FOR THE CANBY
SWIM CENTER

Measure No. _____

Word Total 298 (500 max)

Since 1970, the Canby Swim Center has provided swimming lessons for all ages, water exercise and therapy classes, lap swimming, water safety training, parent-child classes, the Canby Gators swim club and the Penguin Club (a junior swim team during the summer). The Canby Swim Center also partners with Canby Schools to provide a place for practice and competitions. It is also available for private rentals and events.

Currently, funding for the maintenance and operation of the Canby Swim Center is provided by three sources including fees, concession sales, and the five-year Swim Center Levy last approved by voters in 2011. According to the forecasted Swim Center budget for 2018, the fees and concession sales will only provide approximately 21% of the total operating revenue leaving the remaining 79% to be funded by the local option levy. Renewal of this levy would allow the swim center to continue to maintain the present level of service and provide scheduled, necessary maintenance for the Swim Center for next five years. Absent the passage of this levy there is no identified source of additional funding to keep the Swim Center operating.

The Canby Swim Center is currently staffed with a full-time, certified Facility Operator, a full-time, certified Program Manager, and a full-time Program Coordinator, as well as part-time certified lifeguards and swim instructors.

This renewal is a continuation of the same rate currently paid throughout the last five years under the current swim levy. This levy is based on a fixed rate of \$0.49 per \$1000 of assessed property value. The estimated total amount of money to be raised by this tax levy is approximately \$3,654,071.00 over the five year period. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor.

SHALL THE CITY OF CANBY ALLOW THE ESTABLISHMENT OF MARIJUANA BUSINESSES WITHIN THE CITY?

Oregon State law now allows operation of state-licensed marijuana businesses: producers, processors, wholesalers, dispensaries, and retailers for both medical and recreational uses of marijuana. If properly licensed in this state, the Oregon Liquor Control Commission authorizes marijuana businesses for recreational use while the Oregon Health Authority still regulates marijuana businesses that are solely for medical uses.

EXPLANATORY STATEMENT FOR THE VOTERS PAMPHLET

MEASURE REMOVING A CITYWIDE BAN ON MARIJUANA BUSINESSES IN CANBY

Measure No. _____

Word Total 345 (500 max)

Oregon State law now allows operation of state-licensed marijuana businesses: producers, processors, wholesalers, dispensaries, and retailers for both medical and recreational uses of marijuana. If properly licensed in this state, the Oregon Liquor Control Commission authorizes marijuana businesses for recreational use while the Oregon Health Authority still regulates marijuana businesses that are solely for medical uses.

In accordance with House Bill 3400, Oregon State law now permits a city council to adopt an ordinance prohibiting the establishment of marijuana businesses within the city limits, which must then be referred to the electors of the City for approval. On November 4, 2015, the Canby City Council adopted Ordinance No. 1427, declaring a ban on marijuana businesses (both recreational and medical). By law, Ordinance No. 1427 is now being referred to the electors of the City of Canby for approval or denial at the November 8, 2016 statewide general election.

The current ban does not affect any individual's rights regarding the legal possession of marijuana within Canby or any individual's rights regarding their ability to legally grow marijuana plants within the legal limits set by Measure 91 and subsequent, related laws.

This referral allows the electorate to either allow marijuana businesses in the City of Canby or to continue to have a ban on such businesses within the city limits.

A "yes" vote would allow marijuana businesses to operate in the City of Canby. It would remove the ban established by the Canby City Council in Ordinance 1427. A "yes" vote says yes to marijuana businesses. If marijuana businesses are allowed to operate in Canby, and the three percent city tax on the retail sale of marijuana items is also approved by voters, then that additional tax revenue will go to the City's general fund.

A "no" vote would continue the ban on the establishment of any marijuana businesses in the City of Canby. A "no" vote says no to marijuana businesses. If marijuana businesses are banned in Canby, then the City cannot collect any tax revenue from retail sales of marijuana items sold in the city.

RESOLUTION NO. 1243

A RESOLUTION AUTHORIZING AND DIRECTING THE CITY RECORDER TO CERTIFY TO THE CLACKAMAS COUNTY CLERK A MEASURE SUBMITTING TO THE ELECTORATE FOR THE NOVEMBER 8, 2016 ELECTION, A PROPOSED THREE PERCENT TAX ON THE SALE OF MARIJUANA ITEMS BY A MARIJUANA RETAILER WITHIN THE CITY.

WHEREAS, House Bill 3400 provides that a city council may adopt an ordinance to be referred to the voters that imposes up to a three percent tax on the sale of marijuana items by a marijuana retailer in the area subject to the jurisdiction of the city; and

WHEREAS, the City of Canby City Council adopted Ordinance 1428, which imposes a tax of three percent on the sale of marijuana items by a marijuana retailer in the area subject to the jurisdiction of the city;

NOW THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Canby, as follows:

1. An election is hereby called for the purpose of submitting to the qualified voters of the City the question of authorizing a three percent tax on the sale of marijuana items by a marijuana retailer within the City.
2. The City Recorder of the City of Canby is hereby authorized and directed to certify to the Clackamas County Clerk for submission to the voters at the November 8, 2016 election, the Notice of City Measure. Such Notice of City Measure Election is attached to this Resolution in proper form and adopted by the City.
3. The City Recorder of the City of Canby is further authorized and directed to submit a Summary of the Measure to be placed in the voter's pamphlet explaining in clear and concise language the effect of such ballot measure. Such summary is attached to this Resolution in proper form and adopted by the City.
4. The City Recorder, the City Administrator, and the City Attorney are hereby authorized to do all other necessary and proper acts to place the ballot measure before the voters at the November 8, 2016 election.

EXPLANATORY STATEMENT FOR THE VOTERS PAMPHLET
MEASURE IMPOSING CITY TAX ON MARIJUANA RETAILER'S SALE OF
MARIJUANA ITEMS

Measure No. _____

Word Total 172 (500 max)

SUMMARY: Oregon State law permits a City Council to adopt an ordinance imposing up to a three percent tax on the sale of marijuana items within the city by a marijuana retailer. The tax is only on the sale of marijuana items from a marijuana retailer to a consumer for their recreational use. Medical marijuana is not subject to this tax.

Approval of this measure would impose a three percent tax on the sale of marijuana items in the City of Canby by a marijuana retailer. However, this tax would only go into effect if the voters allow marijuana businesses to operate in the City of Canby.

A “yes” vote would establish a three percent tax on the retail sale of marijuana items in the City. It would only be collected if marijuana retailers were allowed to do business in Canby. This tax would not apply to the sale of medical marijuana in Canby.

A “no” vote would not impose any city tax on the retail sale of marijuana items in Canby.

**CITY OF CANBY
2016 MULINO ROAD PUMPING STATION IMPROVEMENTS
AGREEMENT FOR ENGINEERING SERVICES**

This Agreement is made this _____ day of _____, 2016, by and between the **CITY OF CANBY**, Oregon, hereafter referred to as the **OWNER**, and **CURRAN-McLEOD, INC. Consulting Engineers**, Portland, Oregon, hereafter referred to as the **ENGINEER**.

The **OWNER** intends to construct the Mulino Road Wastewater Pumping Station for which the **ENGINEER** agrees to perform the various professional engineering services for the design and construction of said improvements.

WITNESSETH

That for and in consideration of the mutual covenants and promises between the parties hereto, it is hereby agreed:

SECTION A - ENGINEERING SERVICES

The **ENGINEER** shall furnish engineering services to accomplish the work identified above and as more specifically identified in the correspondence dated March 11, 2016, attached as Exhibit A:

1. The **ENGINEER** will attend conferences with the **OWNER**, representatives of the State, or other interested parties as may be required for completion of the work previously described.
2. After the **OWNER** directs the **ENGINEER** to proceed, the **ENGINEER** will perform the necessary alignment determination, accomplish the detailed design of the projects, prepare construction Drawings, Specifications and Contract Documents, and prepare a final cost estimate based on the final design. It is also understood that if additional subsurface explorations (such as borings, soil tests, rock soundings and the like) are required, the **ENGINEER** will furnish coordination of said explorations without additional charge, but the costs incident to such explorations shall be paid for by the **OWNER** as set out in Section D hereof.

Statements of probable construction costs and detailed cost estimates prepared by the **ENGINEER** represent his best judgment as a design professional familiar with the Construction Industry. It is recognized, however, that neither the **ENGINEER** nor the **OWNER** has any control over the cost of labor, materials or equipment, over the Contractor's method of determining bid prices, or over competitive bidding or market conditions. Accordingly the **ENGINEER** cannot and does not guarantee that bids will not vary from any statement of probable construction cost or other cost estimate prepared by the **ENGINEER**.

3. The Contract Documents furnished by the ENGINEER under Section A-2 shall include the State of Oregon Prevailing Wage Rates or the Federal Davis Bacon Prevailing Wage Rates as applicable, and OWNER, funding agency, and state requirements as appropriate.
4. Prior to the advertisement for bids, the ENGINEER will provide for each Construction Contract, not to exceed 10 copies of detailed Drawings, Specifications, and Contract Documents for use by the OWNER, and for appropriate Federal, State, and local agencies from whom approval of the project must be obtained. The cost of such drawings, Specifications, and Contract Documents shall be included in the basic compensation paid to the ENGINEER. The OWNER pays the cost of permits and review fees as provided in Section F-2 of this Agreement.
5. The drawings prepared by the ENGINEER under the provisions of Section A-2 above shall be in sufficient detail to permit the actual location of the proposed improvements on the ground. The ENGINEER shall prepare and furnish to the OWNER without any additional compensation, three copies of a map(s) showing the general location of needed construction easements and permanent easements and the land to be acquired. Property surveys, property plats, property descriptions, abstracting and negotiations for land rights shall be provided by the OWNER, unless the OWNER requests, and the ENGINEER agrees to provide those services. In the event the ENGINEER is requested to provide such services, the ENGINEER shall be additionally compensated as set out in Section D hereof, unless this task is identified and included in the proposed scope of work herein.
6. The ENGINEER will furnish additional copies of the Drawings, Specifications and Contract Documents as required by prospective bidders, materials suppliers, and other interested parties, but may charge them for the reasonable cost of such copies. Upon award of each contract, the ENGINEER will furnish to the OWNER three sets of the Drawings, Specifications and Contract Documents for execution. The cost of these sets shall be included in the basic compensation paid to the ENGINEER. Drawings and Specifications as instruments of service are and shall remain the property of the ENGINEER whether the project for which they are made is executed or not. They are not to be used by the OWNER on other projects or extensions to this project except by agreement in writing and with appropriate compensation to the ENGINEER.
7. The ENGINEER will require prospective contractors to file an approved Pre-qualification Form with the Oregon Department of Transportation and will require a Bid Bond not to exceed 10% in the Bidding Documents to secure the Bid.
8. The ENGINEER will attend the bid opening and tabulate the bid proposals, make an analysis of the bids, make recommendations for awarding contracts for construction.
9. The ENGINEER will assist in the Preconstruction Conference, and will review and approve, for conformance with the design concept, any necessary shop and working drawings furnished by Contractors.

10. The ENGINEER will interpret the drawings and specifications to protect the OWNER against defects and deficiencies in construction on the part of the Contractor. The ENGINEER will not, however, guarantee the performance of any Contractor. Planning and design of the project and construction engineering services shall be accomplished with due diligence and in conformance with accepted industry standards of the practice of professional engineering.
11. The ENGINEER will provide general engineering review of the work of the contractors as construction progresses to assure conformance with the design concept.
12. The ENGINEER will establish baselines and grades for locating the work together with a suitable number of bench marks adjacent to the work as shown in the Contract Documents.
13. The ENGINEER, as representative of the OWNER during the construction phase, shall advise and consult with the OWNER and all of the OWNER'S instructions to the Contractor shall be issued through the ENGINEER. The ENGINEER shall have the authority to act on behalf of the OWNER to the extent provided in this Agreement.
14. Unless otherwise requested by the OWNER in writing, the ENGINEER will not provide Resident Construction Inspection. The ENGINEER'S undertaking construction inspection hereunder shall not relieve the Contractor of Contractor's obligation to perform the work in conformity with the Drawings and Specifications and in a workmanlike manner; shall not make the ENGINEER an insurer of the Contractor's performance; and shall not impose upon the ENGINEER any obligation to see that the work is performed in a safe manner.
15. The ENGINEER will review the Contractor's applications for progress and final payment and, when approved, submit same to the OWNER for payment.
16. The ENGINEER will prepare and review necessary contract Change Orders on a timely basis for consideration of approval by the OWNER.
17. The ENGINEER and a representative of the OWNER will make an inspection of the project or project element to determine the status of completion. The ENGINEER may issue a Certificate of Substantial Completion consistent with the General Conditions of the Construction Contract Documents.
18. The ENGINEER will provide the OWNER with one set of record drawings on electronic media and three sets of prints at no additional cost to the OWNER. Such drawings will be based upon construction records provided by the Contractor during construction, as specifically required in the Construction Contract, and reviewed by the ENGINEER, and from the ENGINEER'S construction data.
19. If State statutes require notices and advertisements of final payment, the ENGINEER shall assist in their preparation.

20. The ENGINEER will be available for site visits to furnish engineering services and consultations necessary to correct unforeseen project operation difficulties for a period of one year after the date of the Certificate of Substantial Completion of the facility. The ENGINEER will assist the OWNER in performing a review of the project during the 11th month after the date of initiation of the 12 month warranty period.

SECTION B - COMPENSATION FOR ENGINEERING SERVICES

1. The OWNER shall compensate the ENGINEER for services in accordance with the following schedule:

Preliminary Engineering:

- Fourteen Thousand and No/100 Dollars (\$14,000)

Design Phase Engineering:

- Sixty Four Thousand and No/100 Dollars (\$64,000)

The OWNER agrees to pay the ENGINEER for such services in accordance with the "Inspector" rate schedule set out in Exhibit B. The ENGINEER will render to OWNER for such services performed hereunder during such period, the same to be due and payable by the OWNER to the ENGINEER on or before the 10th day of the following period. A separate agreement shall be negotiated for Resident Construction Inspections Services setting out estimated hours required and maximum estimated fees and charges.

SECTION D - ADDITIONAL ENGINEERING SERVICES

In addition to the foregoing being performed, the following services may be provided UPON WRITTEN AUTHORIZATION OF THE OWNER.

1. Financial feasibility or other special studies.

6. The OWNER shall furnish information required of him as expeditiously as necessary for the orderly progress of the work.

SECTION F - SPECIAL PROVISIONS

The following is agreed to by both parties:

1. That the OWNER reserves the right to request replacement of any Resident Inspector(s) furnished by the ENGINEER or to furnish the Resident Inspector(s) from the OWNER'S own forces, subject to the approval of the ENGINEER regarding the qualifications of the Resident Inspector(s). If the OWNER furnishes the Resident Inspector(s), the OWNER agrees that the Resident Inspector(s) will be under the direction and supervision of the ENGINEER.

Such new schedule of compensation is to apply only to work performed by the ENGINEER after delivery date of such written notice.
6. That this Agreement is to be binding on the heirs, successors and assigns of the parties hereto and is not to be assigned by either party without first obtaining the written consent of the other. At least fifteen (15) days shall be allowed for such consent.
7. Attorney's fees: In the event a suit, arbitration or other legal action is required by either the OWNER or the ENGINEER to enforce any provision of this Agreement, the prevailing parties shall be entitled to all reasonable costs and reasonable attorney's fees upon litigation or upon appeal.

8. Termination

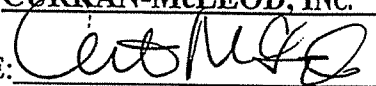

- a. This Agreement may be terminated in whole or in part in writing by either party in the event of substantial failure by the other party to fulfill its obligations under this Agreement through no fault of the terminating party, provided that no termination may be effected unless the other party is given (1) not less than ten (10) calendar days' written notice (delivered by certified mail, return receipt requested) of intent to terminate, and (2) an opportunity for consultation with the terminating party prior to termination.
- b. The Agreement may be terminated in whole or in part in writing by the OWNER for its convenience, provided that the ENGINEER is given (1) not less than ten (10) calendar days' written notice, (delivered by certified mail, return receipt requested) of intent to terminate, and (2) opportunity for consultation with the terminating party prior to termination.

If termination for default is effected by the OWNER an equitable adjustment in the price provided for in the Agreement shall be made, but (1) no amount shall be allowed for anticipated profit on unperformed services or other work, and (2) any payment due to the ENGINEER at the time of termination may be adjusted to cover any additional costs to the OWNER because of the ENGINEER'S default. If termination for default is effected by the ENGINEER, or if termination for convenience is effected by the OWNER, the equitable adjustment shall include a reasonable profit for services or other work performed. The equitable adjustment for any termination shall provide for payment to the termination, in addition to termination settlement costs reasonably incurred by the ENGINEER relating to commitments which had become firm prior to the termination.
- d. Upon receipt of a termination action under paragraphs a. or b. above, the ENGINEER shall (1) promptly discontinue all affected work (unless the notice directs otherwise), and (2) deliver or otherwise make available to the OWNER reproducible data, drawings, specifications, reports, estimates, summaries and such other information and materials as may have been accumulated by the ENGINEER in performing this Agreement whether completed or in process.
- e. Upon termination under paragraphs a. or b. above, the OWNER may take over the work and may award another party a contract to complete the work under this Agreement.
- f. If, after termination for failure of the ENGINEER to fulfill contractual obligations, it is determined that the ENGINEER had not failed to fulfill contractual obligations, the termination shall be deemed to have been for the convenience of the OWNER. In such event, adjustment of the Agreement price shall be made as provided in paragraph c. of this clause.

9. The ENGINEER agrees to hold harmless and indemnify the OWNER against all claims, damages, losses and costs, including costs of defense, arising out of the negligent performances of engineering services under this Agreement. OWNER may make claim under applicable law against ENGINEER or ENGINEER'S insurance carriers for any loss, damage or cost arising out of ENGINEER'S negligent performance of services under this Agreement.
10. The ENGINEER agrees to acquire and maintain for the duration of this Agreement, Professional Liability Insurance in the nominal amount of \$1,000,000 per occurrence and \$2,000,000 aggregate.
11. The ENGINEER further agrees to obtain and maintain, at the ENGINEER'S expense, such insurance as will protect the ENGINEER from claims under the Worker's Compensation Act and such comprehensive general liability insurance as will protect the OWNER and the ENGINEER from all claims for bodily injury, death, or property damage which may arise from the performance by the ENGINEER or by the ENGINEER'S employees or agents.
12. The ENGINEER will not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The ENGINEER will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin, such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; lay off or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

OWNER shall have no right to control the manner of the performance of the services, but may place restrictions on ENGINEER relating to use of OWNERS premises. As an independent contractor, ENGINEER shall not be eligible to receive benefits otherwise provided to employees of the OWNER.
15. The records and documents with respect to all matters covered by the Agreement shall be subject at all times to inspection, review or audit by the OWNER, County, Federal or State officials so authorized by law during the performance of this contract. Required records shall be retained for a period of three (3) years after termination of this Agreement

18. This Agreement, including Exhibits A and B, represents the entire integrated agreement between the OWNER and the ENGINEER and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both the OWNER and ENGINEER.

**RE: CITY OF CANBY
MULINO ROAD PUMPING STATION SCOPE**

Dear Mark:

We appreciate meeting with you this week to review the Mulino Wastewater Pumping Station project. In an earlier correspondence we prepared options and cost estimates. After our meeting with you, there are a few adjustments to make before finalizing the work scope.

In general, we will modify the station design to enclose all improvements within a building that provides both security and better aesthetics. We can design the improvement to fit the surroundings, and eliminate the fencing.

We have also modified the cost estimates to account for the cost of a building, interacting with Clackamas County for the work on 13th Avenue, and coordinating with the railroad for long-term lease cost of a utility crossing under the tracks.

As discussed earlier, the Master Plan has identified the location for the station at the intersection of SE 13th Avenue and Mulino Road. This elevation can provide gravity service to all of the remaining area east of Fir Street along the Molalla River, and can easily provide service if the UGB is expanded further south and east beyond 13th Avenue or Mulino Road.

This SDC funded project will include the pumping station and force main along the Weygandt property, to discharge into the Sequoia Parkway line north of the bridge. The project will also include construction of a gravity sewer on SE 13th Avenue that is not SDC eligible. Power supplies will be installed parallel to the force main, and are SDC eligible to the extent they serve the pumping station, and potentially reimbursable through a second ADF if the utility systems also provide service to the industrial land north of the railroad.
