

## Canby Traffic Safety Meeting Minutes for 12/11/24

### Jackie Jones Board Member Comments:

- I discussed the parking by the high school fields has a sign and painting on the curb doesn't match up. Spencer was going to check it out.
- The July and October minutes are not on the city website. Not sure who took notes those two times.
- I mentioned it was nice to have the median on 99E but unfortunately was probably there due to ODOTs threshold of so many people having died there trying to cross the street.
- I mentioned that a car had a towing sticker on it on S Elm and that I noticed that the cars that are parked on SW 13<sup>th</sup> for days at a time seem to have vacated and I wondered if they that car.

### Tina Schimpf Board Member Comments:

The only notes I have since we were almost done was that I had some concerns about S. Elm St. between 10<sup>th</sup> and 13<sup>th</sup> where the Learning Tree daycare is. They people park before the driveway and block the view going South. Thoughts were maybe a no parking between 7am-6pm.
